Helping Your Business Intelligence Journey

Package: Oracle BI Enterprise Edition 11g – Upgrade Assessment

Overview: This is high-value, low-cost and risk-free offering that allows customers to trial “hands-on” the latest 11g release of Oracle BI Enterprise Edition (OBI EE) using their own Dashboards and against their own data.

As part of the package, Customers will also receive a comprehensive plan-of-action for upgrading their existing implementation and adopting the product’s many exciting new features and enhancements.

For maximum efficiency, Peak Indicators will perform the main repository upgrades off-site. The upgraded repositories will then be delivered back to the customer on a fully installed OBI EE 11g environment (running on a pre-built Windows or Linux Virtual Machine) in advance of the on-site assessment taking place. A minimum of one Subject Area will be upgraded to be fully operational with OBI EE 11g. The Virtual Machine can be configured to run against the customer’s existing database(s).

Customers may continue to trial OBI EE 11g for up to 30 days following the Upgrade Assessment.

Duration: Preparation: 1 day off-site
Assessment: 2 days on-site

Agenda: Preparation

- Customer uploads existing OBI EE repositories to Peak Indicators’ secure server
- Upgrade repositories to OBI EE 11g
- Fix repository consistency errors (at least 1 Subject Area)
- OBI EE 11g Virtual Machine running upgraded repositories delivered to customer

Assessment Day 1

- Confirm connectivity of OBI EE 11g to customer’s existing database(s)
- Review upgraded Dashboards and Reports
- Assess Customisations / Security / Architecture / High-Availability / Performance
- Assess adoption of new OBI EE 11g features and enhancements

Assessment Day 2

- Document plan-of-action for complete upgrade to OBI EE 11g:
 - Timelines / Resourcing
 - Installation / Systems Management
 - Security Migration
 - Adoption of new features and enhancements
 - Deployment / migration plan
 - Training Requirements
- Presentation of OBI EE 11g upgrade plan-of-action
