

## Technical Training Course Data Sheet

Helping Your Business Intelligence Journey

<b>Course:</b>	<b>OBI EE "Expert" Spatial Integration</b>
<b>Duration:</b>	2 days
<b>Delivery:</b>	Instructor led with hands on exercises
<b>Attendees:</b>	Experienced BI Developers and Architects
<b>Numbers:</b>	Up to 15 Delegates per training

**Overview:** This 2-day event provides BI Developers and Architects with valuable knowledge on Spatial concepts and technology followed by a complete Case Study during which Delegates will learn how to embed colourful and interactive maps within Oracle BI Dashboards.

Through the use of some simple yet powerful integration techniques, Delegates will significantly increase their expertise within the Oracle BI product stack. In addition, Delegates will expand their skill-set through first-hand exposure to spatial technologies such as Oracle Spatial, Locator, MapBuilder and MapViewer. The Seminar will be extremely "hands-on" throughout, providing the most effective way for Delegates to learn the exciting mapping capability that is available with Oracle BI EE

### Agenda:

#### Day 1

- Spatial Architecture
- Oracle MapViewer
- Oracle MapBuilder
- Oracle Spatial and Oracle Locator
- Navteq Demo Maps
- Installation of Spatial Components
- Integrating OBI EE and MapViewer
- Building Your First Map
  - Styles and Themes
  - Features-of-Interest (FOI)
  - Panning, Zoom and Legends
- Embedding Maps into BI Dashboards

#### Day 2

- Non-Spatial Data Providers
- Manipulating Spatial Data
- Building Custom Maps & Themes
- Spatial Filters
- Spatial Drill-Downs
- Rectangle Tool
- Security
- Environment Migration
